OTHER:

I was born, in Centralia, Washington, in March of 1980, moved to Alaska in 1990, and graduated from Palmer High School in 1998. I went to beauty school right after high school and met my now husband. We married in 2000 and moved to Michigan in 2002. While in Michigan, I went to dental hygiene school where I was President of our class. I graduated in 2006, moved back to Alaska in 2008, and currently work as a dental hygienist.

We had our first of five children in 2009, whom we now homeschool. We lived in a camper for nearly 18 months with three small children so that we could build our house debt free.

I've been a member of a local knitting guild for the last 10 years. I served a two year term as treasurer and currently am serving as their President.

STATEMENT:

My motivation is to make a better future for my children and all Alaska's children. I am a strong conservative standing with you for freedom. I stand first and foremost for religious freedom. Election integrity is extremely important and I will press for removing all electronic voting machines, cleaning up voter rolls, and a full forensic audit, so every Alaskan's vote counts.

I'm for Alaskan's full statutory PFD. It is cliché to say "fiscally responsible". I say, don't spend money you don't have and quit stealing the people's money.

Reducing government control including medical freedom, but not limited to, for all. It's up to you and your doctor to decide what medications or shots will be best for you, not anyone else. I stand for education reform. I stand for parent's rights to raise their children and educate them how they see fit. I stand for reducing crime, helping to keep our families safe, and for stiffer penalties for repeat offenders.

I'm against abortion at any stage; life begins at conception. I ultimately stand for the United States Constitution, the Alaskan Constitution, and the Bill of Rights.

I feel Juneau needs more God fearing, everyday, hardworking people to replace the progressive and downright evil agendas being propagated by some. Juneau needs people who are not politicians. I am definitely not a politician, but an ordinary, God fearing, Alaskan mother. We start one person at a time. I pray that you will consider starting with me, Rachel Allen.
